

COOLART CONVERSATIONS

We are excited to present the first event of the **2022 environmental speaker series at the Coolart Observatory**. Across multiple dates over 2022, come and see 4 experts in different local ecologies reveal the wonders of Western Port.

 The Observatory @ Coolart Wetlands & Homestead, Somers

 **EVENT 1:** The discovery of globally significant bryozoan biogenic reefs in Westernport. Bryozoans are colony forming non-photosynthetic, aquatic invertebrates. The reefs have recently been nominated for listing under the Vic FFG Act.

 Dr Travis Dutka, Senior Lecturer @ Latrobe University.

 Thursday 5th May 6.45-8.30pm
