of Office Bearers – all current positions to be vacated, fresh opportunities!

Nomination of reps to MP Landcare Network

Arrive from 5, Meeting from 5.30pm, W- Refreshments

Presidents report / News.

The 1.8 km **walking track** along Dunns Creek from the gate at 530 Dunns creek road to where Dunns creek goes under Dunns Creek has been restarted, after about a years abeyance, and has been worked on by Melbourne water. The track is in, fallen trees have cleared and hundreds of Pittosporum trees and other weeds have been poisoned and cleared away. It's looking great and a walk along is very pleasant! We can now resume replanting and possibly add some signage to the track.

Bill McDonough and Marcus O'Reilly will give you an update on enforcement issues around the neighbourhood – but really it is a report on a lack of enforcement by Council despite numerous requests formal complaints and VCAT sessions.

Marcus will give a summary of the research initiative Duns Creek Landcare are involved with along with other Local Landcare groups to look at ways to the extent of Eucalyptus dieback to do with climate change, and the ways it can be addressed.

We will give you some details of an upcoming 24 October Bunurong Land Council induction field day along the Shoreham foreshore giving tips on identifying cultural artefacts. There are limited tickets, we'll see how many are free on the day.

Marcus O'Reilly. President, and Committee, Treasurer Les, Melissa, Helen, Brian, Zyg, Liz, Rick, Colin, Bill, and Freymond
